## "THE DEVIL."

Now York's latest and greatest success,  
"The Devil," is known to every newspaper  
reader in the country, and it is with much  
pleasure that Manager Russell of the Wash-  
ington Theater announces that he will present  
that great success here on next Saturday, two  
performances, matinee and night. "The Devil"  
is an adaptation of Franz Molnar's Continental  
success "The Devil" (Der Teufel) which has  
been the rage of Europe for the past year and  
teaches a story never before seen on any stage.  
No play of the past century has caused the  
newspapers to devote so much space to it as  
this one has, the newspapers of the largest  
cities in the country devoting pages to dis-  
cussing it. The production seen here will be  
an exact duplicate of that now running in New  
York, still doing capacity business after almost

a full season there. The announcement of the  
sale of seats will be made later, and it would  
be well to watch for the date, as no doubt it  
will be a record-breaker here as it has been all  
over the country.

Reuben Copper died of rheumatism at his

The educational campaign in Old Kentucky is on. Get wise and help. We need it.

BLOND women have about 140,000 hairs in their heads; red-haired damsels boast of 88,000; brown-haired, 109,000 and black-haired, 102,000. The length varies from forty to seventy miles.

EVEN if the Prohibition vote did fall off in Ohio the cold water men can rejoice in the announcement of WILLIAM H. TAFT that he will never take another drink of intoxicating liquor as a beverage.—Cincinnati Enquirer.

WHY is it that the men who steal vast sums are always individuals of the highest social standing? The two latest cases of "high financing" in old Kentucky were engineered by mild-mannered gentlemen, Judge Booe of Frankfort and Cashier McConaghy of Monticello. McConaghy's standing was so high that the Church and the people "were shocked" by his fall. He looted his neighbors of \$30,000. If he had stood higher he probably would have stolen more, but he did pretty well as it was. Judge Booe's rakeoff at Covington, Indiana, and at Frankfort, Ky., was close to \$50,000. Here is a total of \$80,000 stolen by two members of the Church who were top-notch Deacons and exalted high-flyers socially and in every other way. The penalty for their big peculations will be a brief term in the Penitentiary at most with an easy job of bookkeeping or "something equally as good" while incarcerated. However, the nigger chicken-stealer generally gets his'n at hard labor, with no pie or turkey except at Christmas, but Booe and McConaghy will have pie every day and loaf around and do as they please.

WHAT America needs more than railway extension and Western irrigation and new tariff and a bigger wheat crop and a merchant marine and a new Navy is a revival of piety of the kind that mother and father used to have—piety that counted it good business to stop for daily family prayers before breakfast time, right in the middle of the harvest; that quit field work a half-hour early Thursday night, so as to get the chores done and go to prayer meeting; that borrowed money to pay the Preacher's salary and prayed fervently in secret for the salvation of the rich man who looked with scorn on such unbusiness-like behavior.

Wall Street's Plea For Old-Fashioned Piety.

That's what we need now to cleanse this country of the filth of graft and greed, petty and big; of worship of fine houses and big lands and high office and grand social functions. What is this thing we are worshipping but a vain repetition of what decayed Nations fell down and worshipped just before the light went out?

Read the history of Rome in decay and you will find luxury there that could lay a big dollar over our little doughnut that looks so big to us.

Great wealth never made a great Nation substantial or honorable.

There is nothing on earth that looks good that is so dangerous for a man or Nation to handle as quick, easy, big money.

If you resist its deadly influence the chances are that it will get your son.

It takes greater and finer heroism to dare to be poor in America than to capture a battery in Manchuria.—Wall Street Journal.

Skeletons of Sixteen Men Discovered in Tombs in St. Louis

Human bones, believed to have been those of sixteen moundbuilders, were found at St. Louis a few days ago by workmen who were digging an excavation for a hay warehouse.

One skeleton was walked up in a stone tomb eight feet high. It was that of a man, apparently seven feet tall.

In the bottom of the chief's tomb were found five pottery bowls, two flint arrow heads and a stone hatchet.

## MAYSVILLE ELKS

Annual Memorial Service at Washington Opera-House Yesterday

Intensely Interesting and Sublimely Beautiful

A Large and Representative Assemblage Present

Yesterday throughout the United States the Benevolent and Protective Order of Elks gathered in their Lodge rooms or other designated place to pay tribute to their honored dead.

In keeping with the principles of the Order some three hundred members of Maysville Lodge No. 704 assembled in Washington Opera-house, where a specially arranged program was carried out in accord with the usual custom of the Order.

The stage of Maysville's pretty playhouse was arranged in a manner befitting the occasion, and aside from a piano, officer's stand, a few chairs and a fringe of evergreen bordering the front, the roomy stage was devoid of decoration.

Mrs. C. E. Geisel presided at the piano and during the prelude the members of the Order filed in and took their seats. The exercises were opened with an invocation by Dr. John Barbour of the First Presbyterian Church, following which came the numbers on the program in order.

Dr. P. G. Smoot was Master of Ceremonies and it is needless to say his part was admirably rendered. After the roll call of the dead by A. G. Sulser and several anthems by the quartette, came the eulogy by Hon. J. A. Sullivan of Richmond, Ky.

Mr. Sullivan's scholarly address was entertaining and instructive, of wide scope, and covered the origin, aims and benefits of the Order to the end of the chapter. He is a pleasing speaker and was given the strictest attention throughout his hour's talk.

The quartette, composed of Mrs. Robert Cummings, soprano; Miss Clemmie D. Tolle, alto; Dr. P. G. Smoot, tenor; Rev. Dr. John Barbour, bass, and Mrs. C. E. Geisel, accompanist, rendered soul-inspiring and beautiful music.

The following is the roll of honored dead—

- John Ballenger, died January 16th, 1902.
- M. C. Russell, died July 21st, 1902.
- James H. Shelton, died July 5th, 1905.
- Matthew Markland, died November 25th, 1906.
- Christopher D. Russell, died October 15th, 1907.
- Lester Wilson, died November 21st, 1907.
- John C. Kackley, died December 6th, 1907.
- Virgil McKnight, died February 17th, 1908.
- Roy Yelton, died May 10th, 1908.

It is never too late to do good. We know it's late, but we had the nerve to do it. Never in the history of Maysville has anything like this happened.

### BURLEY MEETING

At Winchester Tomorrow to Discuss Distribution of Money and Next Crop

An important meeting of the officers of the Burley Tobacco Society will be held Tuesday at Winchester. At the meeting arrangements will be made for the distribution of the 12,000,000 which the American Tobacco Company agreed to pay for about 70,000,000 pounds of the pooled tobacco. In addition, the officers will discuss the growing of a crop of 1909. An effort will be made by the Society to fix the amount of tobacco to be grown in order that may arrive at some idea as to the price the tobacco will bring when marketed. It is understood that the ultimate aim of the Society is to agree on the amount of production of leaf and the approximate price it will bring before a pound is grown.

The floral offerings were many and beautiful. The funeral was under the auspices of Ringgold Lodge No. 27, I. O. O. F., of which he was an honored member. Interment in Mayville Cemetery.

**"DRY" AND "WET"**

**How Kentucky Counties Stand Today on Local Option**

Ninety-three of Kentucky's 119 counties are now totally dry, 21 are partially dry, 4 are wholly wet and the case of 1 county which recently voted as a unit on prohibition is being settled by legal process in Court. This is the substance of a statement just made by the Kentucky Anti-Saloon League.

During the past year the fight has been quietly but vigorously waged and more than twenty counties have gone over to the cause of prohibition.

The four counties which are entirely wet are Jefferson (Louisville), Kenton, Campbell and Nelson. The local option election recently held in Scott is being contested in Court.

The Anti-Saloon League leaders are claiming that already Kentucky, the home of the distillery, drinks less whisky than three-fourths of the States in the Union.

**PRESIDENTIAL ELECTORS**

**Senator Combs of Fayette Wants Some Legislation Enacted**

At the next session of the Kentucky Legislature Senator Thomas A. Combs of Lexington intends to see that legislation is enacted which shall legally define the manner in which Presidential Electors shall be selected and placed on the ballot.

It has been found on examination that Kentucky is probably the only State in the Union which does not prescribe by statute exactly how the Electors shall be selected and carry out their duties, the present method being simply a custom unsupported by statutes.

The Constitution of the United States prescribes that "each State shall appoint Electors in such manner as the Legislature may direct." The Kentucky Legislature has never given any directions, and the statutes are silent on the subject. The only allusion in the Kentucky statutes to Presidential Electors is a paragraph relative to the time when the Electors shall meet.

While no difficulty is expected to arise from the omission of the statute, it would be safer to have the manner in legal form, and Senator Combs will make the suggestion to the next Legislature.

**HIDDEN DANGERS.**

**Nature Gives Timely Warnings That No Maysville Citizen Can Afford to Ignore.**

DANGER SIGNAL No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL No. 2 comes from the back. Back pains, dull and heavy or sharp and acute tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

Here's Maysville proof:

Mrs. Harvey Lyons, living in the Western part of Maysville, Ky., says:

"In my estimation Doan's Kidney Pills are an ideal kidney remedy, and I have no hesitancy in so expressing myself. My husband was bothered a great deal by a severe pain across his back, and although his condition was never so serious that he was obliged to lay off from work, he nevertheless was in misery. An added source of annoyance was the irregular action of the kidney secretions, this symptom denoting that his trouble arose from disordered kidneys. Being advised to try Doan's Kidney Pills, he procured a supply at J. J. Wood & Son's Drugstore, and they acted just as beneficially in his case as in many others which he had read about. A short time entirely cured him, and up to the present time there has been no return of the trouble. Recently I was suddenly afflicted with a similar trouble, but began taking Doan's Kidney Pills, and from the beneficial results already received I look forward to a complete cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**QUARTER OF MILLION**

**To Be Spent For Terracing and Furnishing New State Capitol**

At Frankfort the Capitol Commission awarded to George H. Long of Chattanooga the contract for terracing the grounds around the new Capitol, the award being made over five bidders. The amount of the successful bid was \$71,417, about \$2,000 less than the bid of any of the others. Work is to begin within a short time and Mr. Long promises to have the work completed within 130 working days. The contract is only a part of the work which will be done on the grounds, and the total amount to be spent in making the surroundings of the Capitol beautiful is \$115,000.

Bids for the furniture to be used in the Capitol will be opened by the Commission on January 5th, and when these contracts have been awarded the occupation of the new State House will seem to be in sight. The furniture will cost about \$100,000 and will be made to order. The Capitol is nearing final completion now and in a few months can be used by the State officers.

The first Sheriff to pay in full for State taxes was J. A. Duncan of Robertson county, who received his quietus for \$4,995.

**"LIVES OF GREAT MEN ALL REMIND US"**  
The story of how Marshall Field amassed his great fortune may be told in a few words. He had something to sell and advertised it.

**DELIBERATELY BUYS POOR CLOTHES.**

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.
